IT WAS HOT, BUT BANQUET PLEASED

COMMERCIAL CLUB AFFAIR HELD AT CHRISTIAN CHUR

YEAR'S ACCOUNTS GIVE

Budget of $5,304 Planned — Visitors Talk On Community Work, Roads and County Agents

The banquet of the Maryville Commercial Club held at the Christian Church last evening was a great success regardless of warm weather and was the first one given by the Club which included the women of the city and county. The Big Sunday School room where the banquet was held was crowded to capacity. During the service of the dinner, Gsell's orchestra furnished the music.

The recipts of the club for the year from September 1, 1918, to September 5, 1919, were $4,007.03. This amount is made up of the following items: balance, cash on hand Sept. 1, 1918, $68.50; dues collected $1,861.70; budget collected, $1,943.57; credit rating, $123.26; and special $10.

The expenditures of the club for the same period were $3,806.09. This money was expended as follows: office salaries, $2,148; civic and advertising, $327.07; rent and heat, $296.33; light and water, $30.03; telephone and telegraph, $92.70; postage, $94; stationery and printing, $88.60; office supplies, $45.45; miscellenaeous and traveling expenses, $149; money paid out for prizes $23.66; money paid out for deficit on banquet, $13; borrowed money and interest, $498.25.

Balance is Almost $200.00

The balance on hand at the beginning of the coming year is $200.04. The club intends greater activities the coming year and have prepared a budget which calls for $5,304. The budget was prepared by E. C. Curfman, chairman of the finance committee of the club, Fred Hull and J. A. Speirs. They figure it will take $3,024 for office salaries; $1,200 for advertising; $300 for rent and heat; $30 for light and water; $100 for telephone and telegraph; $100 for postage; $100 for stationery and printing; $50 for office supplies; $200 for traveling expenses; $200 miscellaneous.

This budget is about $1,300 more than the receipts for the past year, but the members of the board of directors are hopeful that the money will be secured.

George Robb Ellison explained the steps necessary to take in changing the name of the Commercial Club to the Chamber of Commerce. A petition from the members of the club requesting such change in name will have to be presented to the Circuit court, as the club is incorporated under the laws of the state. With the changing of the name, provision is made to take in members not only Nodaway County but anywhere in the United States. The club will present such a petition to the circuit court which will convene September 22.

Creston Secretary Speaks.

A number of out-of-town visitors were in attendance at the banquet. Roy L. Emery, secretary of the Creston, a., Commercial Club, spoke on community life and its importance, and mentioned the value of a community building. He stated there should be co-operation between the town merchants an dfarmers and all should work together for the good of the community or county.

Lester Milligan, secretary of the Greater Clarinda club of Clarinda, Ia., made a few remarks. He was followed by E. M. Claypool, secretary of the Jefferson Highway Association, with headquarters in St. Joseph. Mr. Claypool told of the importance of good roads to a community and expressed his surprise that no step had been taken in Nodaway County for hard surface roads.

R. M. Roland of the College of Agriculture of the State University at Columbiia, assistant county agent leader took as his subject the organization of a farm bureau and the necessity for a county agent. This was Mr. Roland's first visit to the county and he was greatly surprised at the fine stock we he dhere and the many fine farms. The speaker was unable to understand why Nodaway County was without a county agent and told of the many benefits to the farmers of having such an expert and of the big saving it would mean.

Three other Clarinda men were present at the banquet: J. H. Lawson, I. Leslie and D. D. Waterman. They also had Secretary Milligan to Mar...

HE HAD NO KICK ON THE CITY WATER: HAD IT FIGURED OUT

Consumer Surprises Mayor by Estimating the Cost in Barrels and Being Glad About It

A man strolled into the city hall, basement of the Carnegie library, yesterday to pay his water bill. He seemed to have no grievance in particular, but he addressed Mayor Garrett as his bill was being attended to.

"Hey," said he, "did you ever figure out what that water costs the consumer by the barrel?"

"Why, no," said the mayor, rather expecting a complaint and preparing to defend the system.

"Well," explained the consumer, "that water costs me a cent and a quarter a barrel. I've got it all figured out, and it is the cheapest thing I buy."

SEASON ON DOVES IS OPEN; NEXT COMES TIME FOR QUAIL

One Closes November 10, and Other Begins the Same Day—State and Federal Laws Are Explicit

The open season for shooting doves opened the first of this month and will continu until Nov. 10. The season is one month longer under the state law than under the federal bird law. Under the state law the season opens Aug. 1.

Following the closing of the dove season the quail season will open. It wil continue from Nov. 10 to Dec. 21. The state and federal laws fix the same period as an open season for quail shooting.

Both the state and federal game laws are said to conflict in several instances which make the game laws very complicated.

BASEBALL TOURNAMENT SURE; $300 PURSE FOR THE WINNERS

Will be Played Here Next Sunday—Locals, Stanberry, Stockyards and Gentry to Compete

The proposed baseball tournament to be held in Maryville next Sunday has been made a reality. The teams have been selected and arrangements completed, according to Manager Black.

The four teams that will compete are Stanberry, St. Joseph Stockyards, Gentry and Maryville. A purse of $300 has been put up as a drawing card.

Fast games are assured, as all the teams but the Maryville aggregation have salaried ball clubs, and Manager Black has arranged to strengthen the local nine materially for the occasion. It was hoped to secure the services of "Lefty" Thomas as a pitcher for the Comets, bue he was not available, being engaged in playing ball in the Dakotas. However, a star pitcher in the person of Jeff Tieman, formerly of the American Association, will play for the local boys. Tracy Lewis, now playing ball in Nebraska, will hold down an infield position for the Comets. All the teams will have the best line-up that they can get together for the contest, assuring some real exhibitions of the national game.

There will be three games. The first one will start at 11 o'clock, the second at 1:30 o'clock and the third immediately following the second.

Two hundred and twenty-nine tickets have been sold so far and it is expected that the goal of 250 tickets and even more wil be reached before the week's end.

Ed Keck will umpire the three games.

NODAWAY MAKES A REAL HIT WITH AGRICULTURAL VISITOR

R. M. Roland, Assistant County Agent Leader, Speaker Here, Finds Western Missouri Great

They used to say, "See Naples, and then die," but now it is "Behold Nodaway and tell the others about it." This county, especially the country around Maryville, has a friend for life ever since R. M. Roland, assistant county agent leader for Missouri, came up here to speak at the Commercial Club banquet last night.

"Say what you please for me; you can't make it too strong," he told a reporter this morning.

Mr. Roland has spent most of his year as assistant county agent leader in the eastern half of the state. The western side was still unexplored ground to him until he happened to walk into the Columbia office of P. H. Ross, state leader of county agents, a few days ago and found waiting for him an order to report at Maryville. It was a long hard trip ,and the weather was hot, and Mr. Roland wasn't any too happy when he arrived.

This morning he left on the Wabash for Columbia. Lawrence Ogden, of the Shirthorn firm of E. Ogden & Son, took him to the train, after a visit to the Ogden herd of Shorthorns. Before that he had visited the Bellows herd. According to E. M. Claypool, former secretary of the Maryville Commercial Club, who made the visit with him, the herd bull, Village Supreme, took his eye and kept it. If he had ever seen an animal like that before, he didn't remember the time.

And so it went with all his experiences of the county.

STRIKE IN STEEL INDUSTRY IS THREATENED IN 48 HOURS

Wilson Must Assure Heads of 24 Unions That Conference With Judge Gary Is Possible

Washington, Sept. 10.—Following the receipt of a telegram from President Wilson which was termed unsatisfactory, the steel strike was set for September 22.

Washington, Sept. 10.—A strike of steel industry will be called within forty-eight hours unless President Wilson in the meantime can assure the heads of twenty-four unions with which the workers are affiliated that there is some possibility of a conference with Judge Gary, head of the United States steel corporation. This was made plain in a message sent to President Wilson at St. Paul and made public by the union presidents today.

AUGUST WAS BAD MONTH FOR CORN

BUT STATE REPORT, JUST ISSUED, PROMISES INCREASE

GOOD IN NORTHEAST MO.

Fall Plowing for Wheat Delayed, With Present Indications of an 18 Per Cent Loss in Acreage

Jefferson City, Sept. 10.—The state crop report for September issued yesterday points out that corn in Missouri did not hold its own during August, and that present indications are for a yield of 27.3 bushels per acre, a total yield of 157,138,800 bushels, whic his over 23,000,000 more than in 1918.

The crop in many Ozark sections might be considered a failure. The best corn in the state will be found in Adair, Saline, Lafayette, Carroll, Charlton, Howard, Boone, Cooper, Davies, Livingston and Randolph counties. The best prospects in five years are sen in northeast Missouri.

The report says that fall plowing for wheat has been delayed by the drought and late threshing. During the past few days work has gone forward with a rush, however.

From present indications the wheat acreage will be 3,479,000 acres, a loss of 763,000 acres, or 18 per cent less than last year. Farmers are undecided on final seeding, because of a desire to return to former cropping systems and in part to wheat discounts and prices.

Hay is shown to be one crop generally good in all sections of Missouri and which will help to tide over drought-stricken sections. Oats are more equal in yield in all sections than for seevral years, and pastures are improving with late rains, indicating further improvement.

In Nodaway county the condition of corn is 81 per cent; acreage cut for silage 10 per cent; acreage cut for fodder 10 per cent; yield of oats per acre 30 bushels; condition of apples 56 per cent; yield of hay 1.42 tons; quality 97 per cent; amount of crop baled 28 per cent; yield per acre of alfalfa 2.28 tons; and condition of pasture 79 per cent.

ALL IS WELL IN CITY WATER SITUATION; PUMPS HERE SOON

Contracts Are Returned—Orders for Sand and Rock for Reservoir Construction Are Out Now

All is going well with the proposed improvements of the city water plant, the contracts for which were let a fwe days ago by the city commissioners. The Randall Construction company of Maryville, which received the award for the reservoir construction work, has ordered the necessary sand and rock and expect sto begin actual work next week. E. E. Harper, of Kansas City, consulting engineer for the city commissioners, will be in Maryville toward the end of this week to make the necessary surveys for the work.

The contracts for the pumps were returned yesterday. One pump is supposed to arrive here in thirty days after the signing of the contract; the other, in fifty days. The companies have promised faster service than this, but it is necessary to build parts of the pumps to correspond with the special demands of the work they are to be put to here, and this may cause a slight delay. At the outside, they are expected to be here within two months and will be installed at once, as their installation is not dependent upon the reservoir construction.

When these new pumps are in, Mayor Garrett hopes that the worst of his troubles will be over. The present defective pump has caused trouble constantly of late, on one occasion keeping the mayor up all night.

COLLEGE REGISTRATION AT NOON TODAY 167; MAY GO UP

First Classes of Session Held This Morning — Attendance Expected to Exceed That of Last Year

The registration for the session of the State Teachers College, now beginning, as added up at the Real Estate bank this noon, was 167, with prospects of reaching 200 before evening. The first classes were held this morning, and were reasonably well filled. The opening assembly was held yesterday.

At the school the impression this morning was that the enrollment this year would be an improvement over that of the same session last year. The "confusion" reported yesterday in the registration should have been "bustle," according to reliable authority, as the organization of the college did not become confused.

POLICEMEN QUIT; GANGS RULE CITY

BOSTON AT MERCY OF ROWDIES—STORES WRECKED

STATE TROOPS CALLED

Two Men Shot—Shoe Shops Are Special Prey of Robbers, and Goods Strew the Streets

Boston, Mass., Sept. 10.—The state guard was called out by the mayor this afternoon for the protection of this city as a result of the police strike. The mayor said he would take the entire police situation in his own hands.

Boston, Mass., Sept. 10.—More than a hundred stores had shattered windows today after a night of terror and rioting such as Boston never before had experienced as a result of the walkout of policemen yesterday evening.

Two men were shot, one fatally.

Governor Coolidge was expected to call out the state guard today to police the city. The promised voluteer protection did not materialize throughout the night and early morning gangs of men and boys surged through the streets and pillaged stores, holding up and robbing people and attacking women.

The shoe stores seemed to be the special prey of the mobs. Today shoes valued at $8 and $9 a pair littered the gutters.

DEMAND CASE HEARING UP IN PROBATE COURT TODAY

The demand case of Carl Maul against the estate of Aaron Snapp, deceased, was up for a hearing before Probate Judge Robertson this afternoon. Maul alleges that he has considerable sum of money as back pay for work on the Snapp farm due him.

A large number of witnesses from Barnard and vicinity were questioned on the stand this afternoon. There is evidence that Maul worked for several years at different times for Snapp. Some three or four checks signed by Snapp made payable to Maul for services rendered were introduced as evidence.

The trial was still going on at a late hour this afternoon. The indications were that an appeal of the case would be taken from probate court to circuit court by the side that lost the case in probate court.

The witnesses examined this afternoon were: B. F. Thompkins, James Davidson, Ed Bolin, A. C. Nestor, Anne Nestor, Mrs. Tom Richey, Bert Icke, H. M. Frazier, George W. Cole, L. J. Mendenhall, Dr. M. M. Pollard, Herbert Henderson, Dr. Larabee, Warren Phelps, Sam Icke, Henry Davidson, Gene Crawford, Alva Maul, Logan Ellis, Will Gilbert, James Frazier, and Mr. and Mrs. Thomas Mendenhall. These people are all from Barnard or vicinity, the Snapp farm being in that community.

PEACE TREATY REPORTED OUT; PRESIDENT IN NORTH DAKOTA

Senate Receives Document—Chief Executive Enjoys Rest as His Train Speeds Towards the Pacific

Washington, Sept. 10.—The treaty of peace with Germany was reported to the Senate this afternoon by Senator Lodge, chairman of the foreign relations committee of the Senate.

Bismarck, N. D., Sept. 10.—The president enjoyed a very restful period today, his only stop of any moment being one of two hours here. The rest was admittedly welcome, as it allowed the president to give his vocal chords a rest preparatory to the great strain that will be placed on his voice when he reaches the coast country Friday.

The president and Mrs. Wilson are receiving hearty welcomes at the stations wherever the train slows up.

For the remainder of the week it is the plan of the president to amplify the points he has made in recent speeches. It i snot his plan to discuss possible new features of the treaty before he reaches the Pacific coast.

PRESIDENT PREDICTS A WAR IF THE TREATY IS REJECTED

Declares in Bismarck, N. D., Speech That Governments in Europe Rest Hopes on Ratification

Bismarck, N. D., Sept. 10.—The President in a speech here today declared if treaty of Versailles is rejected there will be another war within a generation. "Reject this treaty," he declared, "and we will have to send more than two million men to war within a generation. Of course this treaty will not be rejected, but I am telling you what would happen if by any chance it should not be ratified.

"Rejection of this treaty will cause such despair abroad that governments would be overthrown. Until the peoples of the world know that American will lead in efforts of peace, unrest will continue. The mind of the world is waiting for your verdict."

Marry Young, Advises Gains.

Newbury, O., Sept. 8.—Gains Munn, 85, endeavors to emplify his first name and claims to be the gayest old chap in these parts. He has never smoked or chewed the "filthy weed" and for sixty-one years the cup that cheers has never been raised to his lips. But chiefly to love does Gaius attribute his gaiety, and here's his advice to the lovelorn:

"Marry while young. Don't let old man H. C. L. deter you. Proceed with a firm step to the marriage license clerk. Procure the necessary papers. Ferret out the marrying squire. Have the matrimonial bond tightly tied. Be frugal, economical, industrious. Shun liquer. Spurn tobacco. Let the little god of love reign supreme. And happiness is yours. What matter if beefsteak is ninety cents a pound?"

QUALITY and SERVICE

Here's one of the new business man's suits for fall. This man also carries a Hart Schaffner & Marx overcoat for emergency.

"Is this good business"

we're asking business men

Right now the stocks we bought for fall are worth a lot more than we paid for them. Market prices have gone up. Should we take advantage of that and charge more? We think not.

We haven't raised prices; we're selling at old figures; we're giving you the benefit. It's good business for you anyway.

Why we say to you--- "Hart Schaffner & Marx"

One of the reasons for our making so frequent and so emphatic an argument about Hart Schaffner & Marx clothes is that they represent the quality idea in merchandise which business men everywhere recognize as the thing the people want.

Good quality in all-wool fabrics, good tailoring, good style, right fit; what more does a man want in clothes? The only point to be particular about is that when you pay for these things you get them.

As for that, Hart Schaffner & Marx guarantees it; we guarantee it; we promise more than quality, material and work; we guarantee your satisfaction.

You ought to think of them as your clothes

YOUR CATARRH MAY LEAD TO CONSUMPTION

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

AMATEUR PLAY IS REPEATED HERE TONIGHT BY REQUEST

"Mrs. Temple's Telegram," Local Success, is Expected to Have Even a Better Attendance

Tonight Maryville theatre-goers will witness the second production, by request, of "Mrs. Temple's Telegram," the amateur play that made such a hit when first presented in Maryville the night of July 31. Clarence Cook is directing the play and takes a prominent part in it. The bad weather last time cut down the attendance somewhat, and reports on the ticket sale for this occasion are encouraging. It is expected that the audience at the Empire theatre this time will be considerably larger than the audience the other time.

The complications in this play start when a husband's explanation of his absence overnight is not accepted by his wife, who seeks a verification of her doubts by means of a telegram. A friend obliges the husband by posing as one who can prove his innocence and there is a constant confusion of identity all the way through.

The acting, although satisfactory last time, and considerably above the average of amateur theatricals, is expected to be even better this time, according to Mr. Cook. The players have had an oportunity to size up their parts and improve the few errors that appeared the other time.

If you feel bad; if you are "blue," tired and discouraged, without apparent reason, you need Prickly Ash Bitters, the system purifier. It restores action in the torpid liver, cleanses the stomach, helps digestion, dirves out gas and fermented matter in the bowels, and brings back that fine feeling of strength, vim and cheerfulness which only men in perfect health enjoy. Price $1.25 per bottle.
